The Technical Institute, established in 1945, is operated by the College in cooperation with the State Department of Education. The Technical Institute is a Regional Trade School whose aim is to train men for responsible jobs as technicians in the fields of automotive mechanics, machine shop practice, electronics, television, drafting, radio, air conditioning and refrigeration. All programs are for two years of four quarters each and are available for all high-school graduates. Also, in addition to its regular courses, the Technical Institute, in cooperation with the Norfolk City and County high schools, offers vocational training to high school students in their junior and senior years.

# CLUBS

**HONOR COUNCIL . .** First Row: Alice Lou Jordan, Billie Bell, Hloy Patsalides, president; Mickey Glawson, secretary; Shirleen Jones, and Nan Joyner. Second Row: Mike Caprio, Linwood Tenney, Bill Fruit, Tommy Fleming, and Bobby Latimer.

**STUDENT SENATE . . .** The Senate, whose purpose is to serve as a medium between faculty and students, did a "bang up" job in giving a luncheon to officers of the near-by high school senior classes at which time they were shown through the school and told all the many advantages the Division offers. They also took charge of the coke machines and painted the lounge in the academic building.

First Row: Kenneth Kledzik, Peggy Johnson, president; Joanne Pratts, secretary; and Bill Perrott.

Second Row: Sarah Gray Wallace, Jan Hodges, Cleo Boyce, AnnLee Quincy, and Joan Ray.

**INTER-CLUB COUNCIL...** First Row: Billy Tyndall, Helen Patterson, Relmond Hodges, Tommy Bain, and David Ogelsby.

Second Row: Virginia Howe, Raymond Mattes, Louise Hood and Kitty Meeks.

This council is composed of representatives from the social clubs. The purpose is to provide a medium for cooperation between the social clubs, administration, and faculty.

**PHI THETA KAPPA...** This organization is a honorary scholastic fraternity which maintains certain qualifications for all members. In order to become a member of this society a Freshman must obtain a 3.0 average and a Sophomore a 2.5 average. Therefore, members are elected by the faculty advisory board on the basis of their academic record.

First Row: Allan Siegal, Billie Helene Bell, and Michael Caprio.

Second Row: Paul Grobe, Jerald Hayney, Skip Lewis, and Leroy Bradshaw.

#### NEWMAN CLUB...

First Row: Sponsor Mr. J. Willsey and Mike Caprio, President.

Second Row: Shirley Donnelly, Mary Maddock, Virginia Howe, Joan Willsey, Jackie Morgan.

Third Row: Frank Schmitt, Wayne Braun, Walter Wales, and Don Clark.

#### SCIENCE AND POLITICS SEMINAR...

Allan Siegel, Mike Caprio, Richard Lewis, Wilson Uretia, Tommy Bain, and Paul Grobe all seem interested in the latest thing in the scientific and political world.

#### INTER-VARSITY CHRISTIAN FELLOWSHIP . . . .

First Row: Nancy Lipford, Jack Chisholm, Virginia Johnson and Joan Godwin. Second Row: Wilson Uretia, Clark Baum, Wilmer Kerns, Taylor Ridgewell and William Bachtell.

#### SOPHOMORE CLASS OFFICERS! . . .

Carey Baker, Treasurer, Bruce Leslie, President, Linda Lou Jones, Vice-President, and Mickey Clawson (absent from picture) Secretary, find their duties as class officers many and varied.

FRESHMAN CLASS OFFICERS. . . Officers pause on steps for their picture. They are Secretary, Joyce Joyner; Treasurer, Cynthia Smith; Vice-President, Jeanne Pratts; and President Mayo Clark.

# CHORUS

CHORUS . . . The William and Mary Chorus has for the past several years been one of the most active groups on campus. In addition to giving their annual spring concert and singing for various clubs and special programs, they usually put on an operetta which is enjoyed by the entire community. This year the chorus planned a state tour, including Richmond, Lynchburg, Hollins, Randolph Macon and Williamsburg.

## CHORUS PERSONNEL:

Soprano: Muriel Haynes, Elizabeth Morpurgo, June Bayne, Shirley Voegel, Beverly Baxter, Gwen Carter, Carolyn Pillsburg, Joyce Anne Joyner, Alice Lou Jordan, Susan Ball, Adelaide Glawson, Ann Lee Quincy, Virginia Johnson, Elaine Owens, Mary Frances Black, Anne Lee Justice, Jean Lineberry, Billie Bell.

Tenors: Phillip Light, Hunter Spence, John Campbell, Pete Decker, Herman Harrell, John Newsom, Wilson Urretia, Leigh Stewart, Richard Pulsifer, Peter Ruggieri.

Altos: Charlotte Kessell, Ida Twiford, Bonnie Baker, Peggy Wetherington, Barbara Reid, Janet Ross, Nancy Beaton, Jane Mills, Frances Conway, Elizabeth Devey.

Bass: Charles Jones, William McPherson, Colon McMath, Jack Thompson, Robert Thompson, Gordon Potter, Bill Roberts, William Hogan, John Hart, Carroll Lampkin, Jr., Thomas Todd, Bill Fruit, David Fogleman.

"RIGHT NICE WEDDING!" . . . Elizabeth Morpurgo, Ann Lee Quincy, Alice Lou Jordan, and Jean Ventura all agree that Shirley Light, "Mary" and Charles Oliver, "Jebez Stone", make a "lovely couple". The chorus's presentation last spring of the operetta, "The Devil and Daniel Webster" proved to be a very successful event. Although it took many hours of long rehearsals, loss of sleep, and giving up a couple of Saturday night dates, not to mention our neglected studies, we seemed to pull through "none the worse for wear."

MADRIGAL SINGERS . . . These students must like to sing, for in addition to being members of the Chorus, they make up the Madrigal group. Membership to this group is by competitive try-outs.

First Row: Nancy Beaton, Betty Devey, Billie Bell, Ann Lee Quincy, Mary Frances Black, Ann Lee Justice, and Frances Conway.

Second Row: Phillip Light, William Fruit, John Hart, and Hunter Spence.

Absent from picture: Carroll Lampkin, Charles Jones, and Leigh Stewart.

SPIKE THAT BALL!...A familiar scene in the college gym is the intramural games between the sororities and fraternities. Here boys are participating in an exciting volleyball game.

RAH! RAH! Helen Patterson, Captain; Jo Anne Harrell, Ellen Whitehurst, Nancy Lipford, Dorothy Forehand, Barbara McKay, and June Whitehurst, lead the student body in cheers for their team.

# MEN'S SPORTS

FIGHTING BRAVES . . . Billy Tyndall, Harry Knickerbocker, John Casey, Ralph Halstead, and Willie McCraw receive instructions from coach, Bud Metheny.

SWIMMERS TAKE YOUR MARK...Get Set...

VOLLEYING... Watch that ball, girls!

NUMBER PLEASE . . . . Joan Hurst receives instructions from Mrs. Terry on the technique of switchboard operating. This is only one of the many practical things taught in the office practice class. In this class, instruction is also given in filing, machine calculation, transcription and duplication. In addition, the students taking the office practice course maintain their speed and accuracy in typewriting by special assignments which are given regularly.

# W AND M

DRY BONES! . . . Riverside Nurses, Mildred Heatwole, JoAnn Burnett and Nancy Moyer, inspect the phalanges. Students in Nursing find the Human anatomy and Physiology course very interesting. The aim of this course is to give the student a comprehensive review of both the living process and the structure and functions of the human body.

ONE, TWO, THREE, FOUR ! ! !

Mr. Hawn gives Carey Baker instructions on the piano! Courses in music, other than piano, are also offered, such as music theory, fundamentals of music, history of music, voice, chorus, and opera workshop. Students find these courses not only educational, but also very enjoyable.

# CLASSES

CHEMISTRY LAB. - QUANTITATIVE ANALYSIS - We wonder if the laboratory activities of Leonard Ellis and George McAlpine have anything to do with the construction of the new science building ? ? ? From the looks of this picture we know that they will at least be good qualified dish washers after taking this course.

# T I

THE SCIENCE BUILDING

Engineers and liberal arts students alike spend many hours in the Science Building. Here are housed classrooms and laboratories for biology, chemistry, physics and mathematics; all of which require much time and study from those aspiring for their cherished A. A. degrees. Nursing students, from Riverside and Norfolk General Hospitals, call the science building home.

All Divisionites will keep some memory of their activities in this imposing looking structure, whether it be dissecting frogs in zoology lab or adding too much sulfuric acid in a chemistry experiment. Then too, they will remember the wonderful teaching staff here that took on the man-size job of enlightening us on the wonders of science.

#### FOREMAN FIELD

One of the things which makes the Division outstanding among Junior Colleges is its stadium, Foreman Field.

The Stadium is located near the Administration Building. It seats over 16,000 people and is used for the athletic contests of the college and the city high schools, as well as for numerous other civic events. Certainly, we have just cause to feel proud of our stadium.

BUD'S . . . This is the place that has become a second home to many Divisionites. Students can usually be found here playing cards, catching up on the latest gossip and even studying. We also buy our lunch here, and if anyone has a spare nickel, they can dine with music by the juke box.

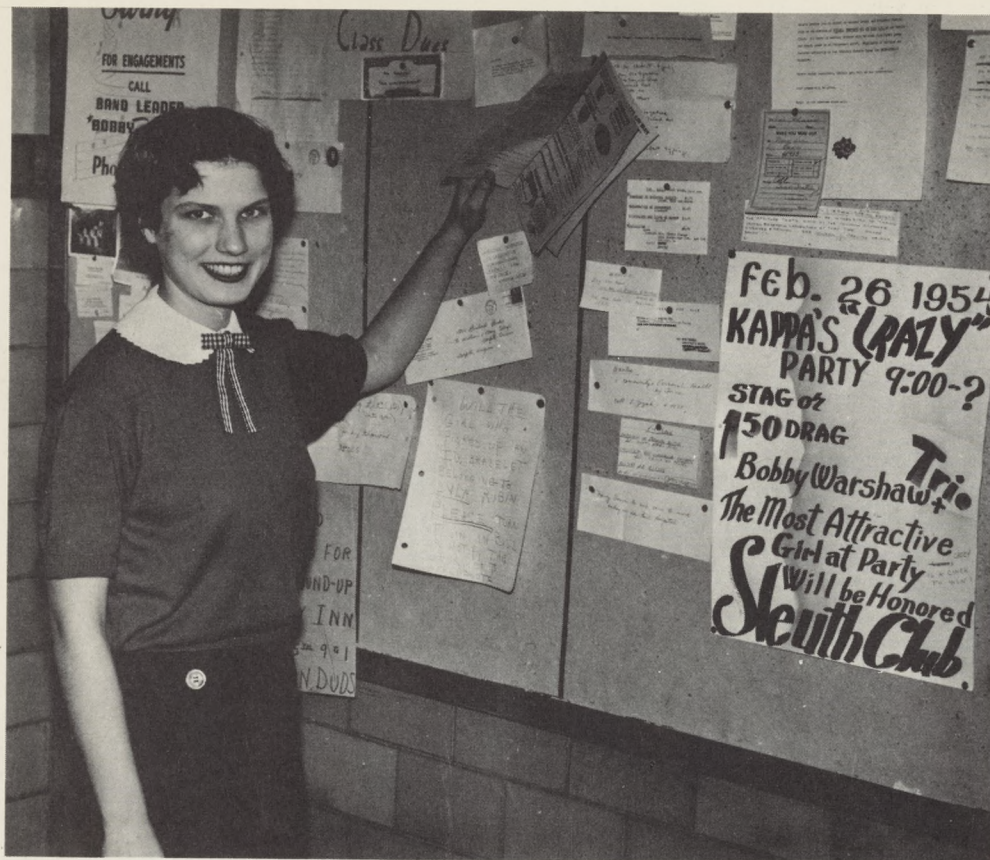

SILENCE. . .DO BE QUIET!. . .  
The library is one of the most useful and important features of the Division. Here, one may find at any hour of the day, ambitious students laboriously "slaving" over themes and term papers.

MATCHING WITS AND CARDS. . .  
A familiar scene in Bud's is the card sharks. Here are Frankie Way, Dallas Carr, Jack Harrell and Barbara McKay.

IT'S ON THE BOARD . . . "If you lost it on campus, you'll find it on the bulletin board," says Joan Ray. The Bulletin board, which is located in the hall of the Administration Building, is not only the lost and found department, but also the social register, the employment agency, and advertising agency of the school. On the bulletin board, one is able to find anything--anything from "soup to nuts," even including last year's old gloves and bills.

COFFEE IS STILL A DIME AT THE DIVISION . . . Mary Louise Wiggins and Dallas Spate both agree that coffee is good to the last drop. Even though prices of coffee have really gone up at the grocery store, we still maintain our original price of ten cents a cup. It really tastes good on cold days'

#### EYES TOWARDS THE FUTURE...

Evon Rasberry and "Winkie" Wilgus watch the construction of the new Science Building, the first big step toward the future.

MEN AT WORK. . . Growing by degrees is the new Science Building. Our dreams of a new Science Building started coming true in the fall when construction on the building began.

**William-Mary Division Is Awarded \$375,000 For Library Building**

By George M. Kelley  
Virginia-Pilot Political Writer  
Richmond, March 14—A compromise agreement between representatives of the House of Dele-

"We are very pleased," Lewis W. Webb, Jr., Division director, said today. "The members of the Norfolk delegation to the Legislature deserve a big vote of thanks for getting this money for us."

Webb said if the \$375,000 had not been forthcoming, the Division would have had to delay the start of the four-year program until the Fall of 1957, assuming that the 1956 General Assembly would provide the needed money.

As the situation stands now, Webb said, the plans to begin four-year courses in three subjects, elementary education, business administration and nursing, can go ahead without delay.

**To Engage Faculty**

"We will start looking for the faculty right now," Webb said. He added that it would take some time to round up the needed instructional staff and to organize

the program.

The school had requested \$750,000 for a new library building needed to be accredited as a four-year college. In his proposed budget, Governor Battle, in the operational side of the document, said sufficient funds were provided to start the four-year college work at the Division.

But when Norfolk area legislators turned over to the capital section there was no money for the library building.

Webb said the library was essential to accreditation.

To Norfolk members of the Assembly and to others with pressing needs in their own localities, the \$7,000,000 due to go back to income taxpayers this Fall as credits under the Byrd Automatic Tax Reduction Act looked mighty tempting.

That \$7,000,000 caused the biggest fight of the 1954 General As-

**Committee to Continue Until Goal Achieved, Says Tyler**

J. Hoge Tyler, III, president of the Norfolk Chamber of Commerce, yesterday announced that the four-year college committee of the commerce organization will be continued in an advisory capacity until the realization of its objective is assured.

He was referring to the five-man body headed by S. C. Lampert and including John S. Alfriend as an ex-officio member during his regime as Chamber president which spearheaded the 18-month drive to add two years to the curricula at the Norfolk Division of the College of William and Mary.

Tyler said he was encouraged by the appropriation by the General Assembly of \$375,000 for the library project at the division, but pointed out that a continuing effort must be made to see that the objective is not forgotten in the passage of time.

Alfriend, who organized the drive to unite all communities and counties on this side of Hampton Roads behind the four-year
